After logging in, **select your name** in the **top right corner of the screen**. Here you will be able to change your communications settings, edit your profile, change your username or password, and update your privacy settings.

Under the **Edit Profile** option, you will see tabs and a form that look similar to the images on the right. Here is where you can update your basic information, change your address, change the campus you attend, and even upload a profile picture!

On the left side of your screen, you will see a menu bar. Here is where you can **search for groups** you may be interested in joining, **search for people** and even add them to your friends list, **search for serving opportunities** of any group that you may be in, and **give**. This is also where you can print your giving statement as well as set up a one-time donation.
